

ARTICLES, BOOKS, AND REPORTS

J. D. Gavenda

Articles

1. J. D. Gavenda, "A general theory for calculating magnetoacoustic effects in pure metals", *J. Phys. Chem. Solids* **104**, 160-168 (2017).
2. J. D. Gavenda and Michael D. Foegelle, "Magnetoacoustic effects in copper using surface acoustic waves", *Phys. Rev. B* **70**, 245105 (6 pages) (2004).
3. J. D. Gavenda, "Comment on 'Ultrasonic studies of the spin-triplet order parameter and the collective mode in Sr_2RuO_4 '", *Phys. Rev. B* **66**, 216501 (2 pages) (2002).
4. J. D. Gavenda and Michael D. Foegelle, "Large dynamic range technique for magnetoacoustic measurements", *Rev. Sci. Instr.* **72**, 2498-2499 (2001).
5. J. D. Gavenda and J. R. Edgington, "Newton's Cradle and Scientific Explanation", *Phys. Teach.* **35**, 411-417 (1997).
6. J. D. Gavenda, "Near-Field Corrections to Site Attenuation", *IEEE Trans. Electromagn. Compat.* **36**, 213-220 (1994).
7. J. D. Gavenda, "Site Attenuation with Log-Periodic Antennas", *Proc. 1993 IEEE Int. Symp. Electromag. Compat.*, 385-388 (1993).
8. J. D. Gavenda and Dane Bailey, "Magnetoacoustic effects caused by surface-scattered conduction electrons in copper", *Phys. Rev. B* **45**, 3669-3673 (1992).
9. J. D. Gavenda, "A Strip-Line TEM Cell for Measuring Electromagnetic Emissions", *IEEE 1991 Int. Electromagnetic Compatibility Symposium Record*, Cherry Hill, 17-18 (1991).
10. J. D. Gavenda, "Magnetoacoustic Effect", in **Encyclopedia of Physics**, edited by Rita G. Lerner and George L. Trigg (VCH Publishers, New York, 1990), 678-679.
11. J. D. Gavenda, "Semi-Anechoic Chamber Site Attenuation Calculations", *IEE Seventh International Conference on Electromagnetic Compatibility Proceedings*, York, England, 109-113 (1990).
12. J. D. Gavenda, "Measured Effectiveness of a Toroid Choke in Reducing Common-Mode Current", *IEEE 1989 Int. Electromagnetic Compatibility Symposium Record*, Denver, 208-210 (1989).
13. J. D. Gavenda, "Effects of Electromagnetic Source Type and Orientation on Signal Falloff with Distance", *IEEE 1987 Int. Electromagnetic Compatibility Symposium Record*, Atlanta, 338-341 (1987).
14. A. Kost and J. D. Gavenda, "Continuously Variable Signal Delays with Ultrasound", *Ultrasonics, Ferroelectrics, and Frequency Control* **33**, 679-680 (1986).
15. A. Kost and J. D. Gavenda, "Generation of Ultrasonic Replica Wave Packets", *Phys. Rev. B* **32**, 1887-1891 (1985).
16. J. D. Gavenda, "Rate of Fall-Off of the Magnetic Fields Produced by Magnetic and Electric Dipoles", *IEEE 1985 Int. Electromagnetic Compatibility Symposium Record*, Boston, 338-342 (1985).
17. J. D. Gavenda and J. H. Davis, "Electromagnetic Wave Propagation in a Semi-Anechoic Chamber", *Proc. of the 6th Symp. on Electromag. Compat.*, Zurich, 65-68 (1985).

18. J. D. Gavenda, C. M. Casteel, and W. M. Theis, "Dispersion of Ultrasound by Conduction Electrons Calculated from the Deformation Coefficient", *Phys. Rev. B* **27**, 1997-2004 (1983).
19. J. D. Gavenda, "Magnetoacoustic Effect", in **Encyclopedia of Physics**, edited by Rita G. Lerner and George L. Trigg (Addison-Wesley, Reading, Mass., 1981), 553-554.
20. S. J. Chang and J. D. Gavenda, "Low-Field Magnetoacoustic Dispersion in Metals", *Phys. Rev. B* **22**, 1789-1792 (1980).
21. J. D. Gavenda, W. M. Theis, and Brian Mulvaney, "Interpolation Functions for Fermi Surfaces in Strained Metals", *Phys. Rev. B* **21**, 2096-2103 (1980).
22. J. D. Gavenda, "Anomalous Sound Propagation by Conduction Electrons", **Comments on Solid State Physics** **9**, 49-54 (1979).
23. J. D. Gavenda and C. M. Casteel, "Anomalous Propagation of Ultrasound at Doppler-Shifted Cyclotron Resonances", *Phys. Rev. B* **19**, 4331-4332 (1979).
24. J. D. Gavenda and W. M. Theis, "Role of the Deformation Potential in Ultrasonic Attenuation by Open-Orbit Electrons in Copper", *Phys. Rev. B* **19**, 3857-3867 (1979).
25. J. D. Gavenda and C. M. Casteel, "Anomalous Propagation of Ultrasound in Metals by Open-Orbit Electrons", *Phys. Rev. Letters* **40**, 1211-1214 (1978).
26. J. D. Gavenda, "Electron Lifetimes from Magnetoacoustic Open-Orbit Resonances", *Phys. Cond. Matter* **19**, 79-85 (1975).
27. J. D. Gavenda and S. J. Chang, "Magnetoacoustic Open-Orbit Antiresonances in Copper", in *Proceedings of the 14th International Conference on Low Temperature Physics*, edited by Matti Krusius and Matti Vuorio (North-Holland, Amsterdam, 1975), 153-156.
28. M. E. Adah and J. D. Gavenda, "Ultrasonic Shear-Wave Attenuation by Open-Orbit Electrons in Cu, Ag, and Au", *Phys. Rev. B* **12**, 1167-1171 (1975).
29. S. J. Chang and J. D. Gavenda, "Attenuation and Velocity of Sound Near the Open-Orbit Resonances in Copper", *Phys. Rev. B* **9**, 1240-1245 (1974).
30. J. D. Gavenda and W. Royall Cox, "Polarization Dependence of Shear-Wave Attenuation by Open-Orbit Electrons in Cu", *Phys. Rev. B* **6**, 4392-4395 (1972).
31. J. D. Gavenda, "A Method for Digital Measurement of Attenuation", *Rev. Sci. Instr.* **42**, 1881-2 (1971).
32. W. Royall Cox and J. D. Gavenda, "Temperature Dependence of Electron Mean Free Paths in Cadmium and Copper", *Phys. Rev. B* **3**, 3577-3579 (1971).
33. W. Royall Cox and J. D. Gavenda, "Doppler-Shifted Open-Orbit Resonance and High-Field Magnetoacoustic Oscillations in Ultrapure Copper", *Phys. Rev. B* **3**, 231-237 (1971).
34. W. Royall Cox and J. D. Gavenda, "High-Field Saturation of Ultrasonic Attenuation in Copper and Potassium", *Phys. Rev. B* **3**, 324-331 (1971).
35. L. T. Wood and J. D. Gavenda, "Size Effects and Doppler-Shifted Cyclotron Resonance of Helicons in Copper", *Phys. Rev. B* **2**, 1492-1506 (1970).
36. J. D. Gavenda, "Comment on the Deformation Potential in Ultrasonic Attenuation", *Phys. Rev. B* **1**, 3884-3885 (1970).
